**Four Way Test
of the things we
think, say or do:**

Is it the **TRUTH**?
Is it **FAIR** to all concerned?
Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
Will it be **BENEFICIAL** to all concerned?

Elijah Kinnane gave a presentation to Rotary on his experiences at the recent National Youth Science Forum held at the University of Queensland. Elijah and Erin Pye from Batemans Bay High School were selected from applications submitted by 600 students nationally. The seminar was a week spent at the University of Queensland and with scientific organisations.

Erin was unable to present at the meeting and sent her apologies.

Elijah's experience was to use his words "the greatest experience". He met students that also has a focus on Science and formed lasting friendships. The Forum gave him a focus to study Medical Biotechnology after he completes High School and thanked Rotary for the opportunity to attend the Forum. Erin sent a thank you for the opportunity to attend and the assistance from Rotary.

A comment by Elijah was that he "found a number of other students that were also Science Nerds"
